

“ United Care Services goes the extra mile, everyday, all day long. ”

THE UNITED DIFFERENCE

We understand that your personal care needs are only one part of your wellbeing, and that when adults need help with personal care they also tend to need help coordination the services of doctors and other providers.

UCS was developed with an affiliated network of doctors, skilled nurses, physical therapists, occupational therapists, mental health counselors, and strives to ensure patients are connected with every service that can enhance the quality of their lives.

TOGETHER

We make a difference

*We provide professional personal care services
all in the comfort of your home.*

Personal Care Services

We understand that transitioning from independent living to needing personal care assistance is a challenging and delicate time. From simple daily check-ins and medication reminders to full-time 24/7 personal care assistance, we work together to develop the best individualized personal care plan for your needs. In addition to your physical care, your wellness, dignity, and happiness, are at the forefront of all that we do.

Who We Are

United Care Services, LLC consists of a team of highly skilled and compassionate caregivers whose sole focus is on the well-being of your loved one. Our staff consists of Registered Nurses (RN's), Licensed Practical Nurses (LPN's), CNAs, and experienced and trained care givers, who are dedicated to treating patients like their own family.
